

J/100 Update

Following the completion of a joint J Boats/Pearson Composites model review of the J/100, we're happy to announce the following specification changes which will be effective beginning with hull #132.

- Stainless rudder post in lieu of composite
- Jefa rudder bearings in lieu of ACC
- Addition of a two-tone head pan with nonskid finished in beige.
- Molded engine box with integral angled steps in lieu of stainless ladder

J/100 Sales Incentive

We are happy to announce a New Special Savings of \$3,790 for the Mid-Winter Shows, effective for hull #132 & up. This offer is available for the next 10 hull slots or until April 22nd (last day of Strictly Sail Pacific), which ever occurs first!
